

## PANDA'S MEMORIAL

In January 2003, this little dog Panda came into my home, my life and my heart, to begin training as a guide dog. With the help of trainers she graduated and became a guide dog and a constant companion for Jan Palmer in Darwin where she worked for 11 years and enjoyed a happy and loving life.

Panda came back to me in June 2015, now as a retired dog and our lives bonded again and it was an honour for me to lovingly care for her until her time came to *Pass Over the Rainbow Bridge* on 5<sup>th</sup> July 2015.

Panda you were a blessing. You touched so many lives and hearts. Your memory will be treasured.

Now you are free.

Off You Go. You're Free.
